The Acorn Project

- ❖ Disciple of Jesus Christ
- ❖ Sound Thinker
- ❖ Effective Communicator
- ❖ Skill Collaborators

Disciple of Jesus Christ

→ Values: Learning to become a more spiritual follower

→ Vision: Increase Faith in Jesus Christ

- Specific: Practice daily gospel learning. Write our spiritual experiences and share them with our peers
- Measurable: Share at least once a day our spiritual experiences in the chat
- Attainable: Actively participating in the chat
- Relevant: Yes, this will help us learn how to use the Gospel Library and increase our Testimony
- Timely: 10 minutes every day

- 1. Learn daily improvements through spirituality -complete
- 2. Increase knowledge of the Gospel- complete
- 3. Development of spiritual habits- complete
- 4. Increase our testimony- complete
- 5. Become a Disciple of Jesus Christ- complete

Sound Thinker

- Values: Working together as team to achieve the goals that we set.
- Vision: Learn to Sound thinkers while bouncing ideas off each other to solve the problems that are set before us in the activity.

- Specific: Complete an Escape Room as a team
- Measurable: Have a lesson learned meeting.
- Attainable: Yes, if we work as a team
- Relevant: Solving Puzzles and learning to think as One Team
- Timely: Within the Time limit that is given to us.

- 1. Become Sound Thinkers – Escape room research strategies- complete
- 2. Use knowledge as a team- complete
- 3. Become Team Players- complete
- 4. Practice doing escaping rooms online or apps- complete
- 5. Not give up when the path is tough – Use different strategies in order to increase our perseverance skills- complete

Effective Communicator

- Specific: Watch Communication Skills Training videos on Youtube and TED Talks.
- Measurable: Share thoughts and insights on the next team meet up. (Report take aways). We will share weekly in the group what we have learned
- Attainable: Yes, even better with hearing insights from other team members.
- Relevant: Apply new techniques in classroom settings and use during acorn projects.
- Timely: At least one a week

- 1. Apply at least 5 new techniques after the follow-up discussion- complete
- 2. Give constructive feedback, so team members can keep improving- complete
- 3. Share new experience from applying the techniques learned- complete
- 4. Team unity is retained by helping one another to stay accountable (stick to goal)- complete
- 5. Develop a growth mindset to stay consistent and persistent despite failing at some point- complete

- Values: Being able to learn by heart and apply the techniques of refining communication skills.
- Vision: Vision: Owning a stronger confidence and self-esteem to effectively communicate especially when working as teams.

Skill Collaborators

- Values: Take advantage of the school resources and learn something different in the company of our classmates.
- Vision: This will help us better communicate our ideas and project our personality more effectively.

Specific: Improve our leadership and effective communication skills

Measurable: We will attempt to a workshop at the school

Attainable: As students, we have access to the workshops at the school

Relevant: All team members could improve to communicate ideas effectively

Timely: Before the end of the semester

1. Improve our communication and leadership skills- complete
2. Participate in the association activities-complete
3. Take notes and apply the knowledge learned- complete
4. Use the school resources to improve our communication skills- complete
